'School without Violence'

18 February, 2017

'NO' to bullying

- Pupils from FLS 'Ekzarh Yossif I' joined the "School without Violence" campaign, which was organized by the "Civic Initiatives - Lovech", in partnership with the Local Commission for Combating Juvenile Delinquency of the Municipality of Lovech. The pupils of the elite high school supported tolerance by making heart-shaped figures as a sign of acceptance.

Do sport; don't make trouble...

The campaign was joined spontaneously by the basketball teams of the Mathematical High School and FLS "Ekzarh Yossif I", who in one of the pauses of the game, together with their numerous audience, supported the campaign under the motto "School without fear".

The success of the campaign was due to the good cooperation between FLS "Ekzarh Yossif I" and the non-governmental sector in Lovech, as well as to the high motivation of our pupils to initiate, contribute to, and support, anti-violence campaigns.

- Volunteers from FLS 'Ekzarh Jossif I' actively participated in the Youth Bank's initiative to raise money for subsidizing youth projects. Pupils from our school took turns to give out balloons, hearts, and flyers to passers-by.
- The amount they had raised was symbolic, but their enthusiasm was worth admiring.

The first projects approved by Youth Bank - Lovech for financing in 2017!

- 1. "Survival among nature - skills and practices". The project is submitted and will be implemented by pupils from FLS "Ekzarh Yossif I" - Lovech.
- 2. "School violence - a myth or a reality" - a theatrical play. The project has been submitted, and will be jointly implemented, by pupils from FLS "Ekzarh Yossif I" and another local high school.

Christmas party with SEN children

22 December, 2016

It takes just a little effort to pay someone attention...and the reward immediately comes with their happy smiles!

Hosting SEN children's creative theatre

November, 2016

The happiest day in a child's life?!

- "Today was my happiest day!" - said the charming Axi after his performance in the "Autumn-Winter Fairytale" presented in the crowded theater hall of FLS "Ekzarh Yossif I".
- Petya, Petkana, Toshko, Annie, Sylvia, Ivan, Axiber, Elena, Neiko, Zhenya, Desi and Tony are disabled children, users of the Center for Social Rehabilitation and Integration in our town - Lovech.

- After the storming applause at the end of the performance, the shy actors got worried by the attention they received in small talks with their new friends. Axiber hurried to express his admiration for the beautiful girls around him, but he did not forget to mention that he also likes teachers, as well as all the people who accept their difference...

EMPATHY

- Under the joint efforts of the 'Civic Initiatives - Lovech' NGO and the Language School, these SEN children delivered a real lesson of empathy to their peers at the elite high school. And although no parents, or high-ranking guests, had accepted the invitation, this event achieved its main goal - to see the blushing faces of children we often hear about, but we do not often meet in our everyday lives.

'Civic Initiatives - Lovech' Association

- The manager of the 'Civic Initiatives - Lovech' Mrs. Vesela Tsankova expressed her gratitude for the hospitality of the Language School and urged the students to actively participate in the newly-initiated "Youth Bank" of the association, which already has our volunteers.

Today was a special day; a day of true inclusive education, outside the paperwork of the new educational regulations. A day in which 'Ekzarh Yossif I' was a heart that hastened its pulse while confronting the pain of the OTHERS...

Christmas party with orphans

December, 2014

Outside their daily routine

- Anabel Dragoshinova and Hristi Petrova had been preparing for a long time to surprise the guests with a lot of games, songs, and, of course, lovely presents.
- The atmosphere was more than friendly; the kids didn't want to leave...
